⚡ U Objectives

The 21st International Workshop on Nondestructive Evaluation (ENDE) serves as a forum and interface for both researchers (including students) and practicing engineers with interests in electromagnetic non-destructive evaluation. As in the past workshops, ENDE 2016 will focus on the studies for the development of nondestructive evaluation using electromagnetic methods.

☰ Topics

Major topics of interest for submission include, but are not limited to:

- New developments in eNDE
- Advanced eNDE sensors
- Analytical and numerical modelling of eNDE
- Inverse problems and signal processing
- Material characterization
- Monitoring and diagnoses of mechanical structures
- Biomedical applications of eNDE
- Innovative industrial applications of eNDE.

🎓 Workshop Venue

The workshop will be held at the Congress Center, in Instituto Superior Técnico (IST) Alameda Campus. The campus is situated in Lisbon, and is easily accessible from the airport by subway, bus or taxi. There are many hotels, restaurants and shops near the venue.

The address is: Av. Rovisco Pais 1, 1049-001 Lisboa.

📄 Workshop Publications

Authors are invited to submit electronically previously unpublished papers relevant to the workshop topics. Extended Abstracts up to two pages will be reviewed to be included in the workshop digest. Authors of accepted short papers are encouraged to submit a full version of the papers at the workshop, which will be peer reviewed for inclusion in a volume of the ISTP indexed book series "IOS Studies on Applied Electromagnetic and Mechanics".

🕒 Important Dates

- Submission of abstract: **May 30, 2016**
- Notification of acceptance: **June 30, 2016**
- Early bird registration: **July 31, 2016**
- Submission of full paper: **September 28, 2016**

About Lisbon

With its heart and soul in the Mediterranean and a history linked to the Atlantic, Lisbon is one of Europe's most intriguing cities. Spread across seven hills always opening a window towards the majestic Tagus river.

The city, from where the great explorers set off to discover new continents in the 15th century is as visionary and as cosmopolitan today; its monuments and stunning architecture is now the backdrop to vibrant creativity, culture and business. Lisbon is a historic capital, an amalgam of 1000 years of cultural influences that mingle with modern trends and life style creating intricate and spectacular contrasts.

**Richly captivating,
Lisboa invites you!**
